

Rates and Information – 2010

9 Beaches is Bermuda's only ultra-casual resort, with soft-sided ocean view cabanas stretching over 18 private waterfront acres on the westernmost tip of Bermuda, with 9 different beaches.

9 Beaches offers adventure seeking vacationers the ultimate in fun and relaxation. Grab your flip-flops, kick-back and prepare for a truly unexpected Bermuda Experience. Our guests call 9 Beaches, "Heaven on Earth for the Down to Earth!"

9 Beaches is a seasonal resort, open from April 1 – November 30, and closed from December 1 – March 31 each year; although the resort is closed during that time, our Reservations and Administration Offices are still open.

About Our Cabanas

Our comfortably chic, soft-sided, cabanas are built on stilts with wood floors with a veranda facing the ocean. Some cabanas even perch over the sapphire sea and have Plexiglas floor panels that reveal tropical fish fluttering underfoot.

Ceiling fans, ample windows, and double French Doors that open onto the ocean view veranda allow tropical breezes to maintain comfortable temperatures.

An air conditioner is installed in each cabana, which after sunset helps aid the cooling of the cabanas. Most of our guests find that 'cooling out' underneath the shady trees by the beach is a great option to escape the tropical heat during the day.

Each cabana has a small bathroom with a shower (no tub). The living area includes a queen size bed, a futon sofa that doubles as a second sleeping place, a table and two chairs, a coffee table, mini refrigerator, a flashlight, bathrobes and a hair dryer. The verandas each have two armchairs and a table as well. Clock radios and coffee makers are also available in the cabanas. Please NOTE: Bermuda uses the same electricity standard as that in the USA, which is 110 volts.

As a place to relax, unwind, and enjoy the sounds of Mother Nature, **our cabanas do not include TV's.**

Cabana Categories

Paradise Pier Cabanas – These exclusive cabanas branch off a private pier and stand over the water. Perched on stilts they offer panoramic ocean views and their own 2'x4' viewing panel in the floor so you can watch an array of tropical fish swim by.

Top Banana Cabanas – Stilted around the coastline with the tide coming in and out underneath the cabana including their own 2'x4' viewing panel in the floor. These cabanas offer excellent water views.

Ocean Point Cabanas – Surrounding the perimeter of the Resort; set back slightly from the water's edge, either anchored on the cliff side or near the surrounding beaches, on stilts. Offering panoramic views of the Atlantic Ocean.

Coco Coral Cabanas – Set back from the waters edge on stilts, they dot the bluffs and nine coves, and have partial ocean and coastline views. Wheelchair accessible cabanas are available

***All cabanas include daily hot buffet breakfast at Hi Tide Restaurant
